1. Name:

*(Last)*

*(First)*

*(Initial)*

2. Name and address of your school:

Type of School:

- Elementary
- Middle School
- Junior High
- High School
- Other

School Board:

School Tel:

*(area code)*

3. Residential address:

Home Tel:

*(area code)*

Desired Mailing Address:

Work    Home

Desired email:

4. Employment and/or educational experience for past 5 years (in reverse chronological order) .  
Please include dates, employers and nature of activity.

Expected position next year

Current position

Previous positions

5. Science teaching/supervision experience (including years of experience in each subject):

6. List weather, climate and/or oceanographic related courses, units or topics you currently or plan to teach or supervise, including the number of weeks spent on them per school year:

7. College or university education:

Institution	Year	Degree	Major	Minor
-------------	------	--------	-------	-------

8. Describe the benefits your home institution and its students will likely gain from your experience at Project Ocean.

9. Describe what opportunities you wish you could have had to learn more about ocean science and data, and why such opportunities will make a difference to you.

10. Acceptance to this workshop requires a commitment to arrange and offer a minimum of two two-hour teacher-training sessions with AMS/NOAA Workshop materials by April following the workshop. This commitment includes collecting follow-up information from teachers attending the sessions. List the ways by which you hope to accomplish the required training.

11. The successful candidate will provide CMOS with a short report on his/her experience by 30 August immediately following the workshop which will be published on the CMOS Web site.
12. "I agree that the American Meteorological Society (AMS) will share my post-course peer-led training summary with CMOS."
13. Furthermore, participants are requested to submit one complete lesson plan based on the knowledge and the resources gained through the workshop. Your lesson plan will be published in the Education section of CMOS's Web site. A template will be provided.
14. Please tell us how you became aware of this workshop.
  
15. "The information given in this application is accurate and complete."
